Trees.....	3787 904

## Compliments of THE CRICKET COLLECTION

### SUGGESTIONS

We suggest a soft neutral colored linen such as Wichelt's "French Lace (76110)." Work using 2 ply floss unless using 18 count linen which will create stitches at 9 per inch. When working on 18 count, double the ply to 4 to ensure good coverage. This woody acorn can be worked on any count or color of fabric, simply lay the floss against your fabric choice to check color compatibility. Substitute floss colors until you are pleased.

Happy Autumn!

Thank you for visiting! Come again.
